Independent Auditors' Report

International Bank for Reconstruction and Development;
As Interim Trustee of the Adaptation Fund Trust Fund – TF069013

We have audited the accompanying statement of receipts, disbursements, and fund balance (the Statement) of the Adaptation Fund Trust Fund – TF069013 (the Trust Fund) under administration by the International Bank for Reconstruction and Development (the Interim Trustee) for the year ended June 30, 2015, and for the period from February 27, 2009 (date of inception) to June 30, 2015, and the related notes to the Statement.

Management's Responsibility for the Statement

Management is responsible for the preparation and fair presentation of the Statement in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the Statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Statement referred to above presents fairly, in all material respects, the receipts, disbursements, and fund balance of the Trust Fund for the year ended June 30, 2015 and for the period from February 27, 2009 (date of inception) to June 30, 2015, in accordance with the modified cash basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 to the Statement, which describes the basis of accounting. The Statement is prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles or International Financial Reporting Standards. Our opinion is not modified with respect to this matter.

NOTES TO THE STATEMENT OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2015

All amounts expressed in U.S. dollars unless otherwise noted

Note 1 - Organization

The Adaptation Fund (AF) was established under the Kyoto Protocol (KP) to the United Nations Framework Convention on Climate Change (UNFCCC), by the Conference of the Parties serving as the meeting of the Parties to the KP, herein referred to as the CMP, at their December 2007 meeting in Bali, Indonesia. The purpose of the AF is to finance climate change adaptation projects in eligible developing countries who are parties to the KP. The KP also established the Clean Development Mechanism (CDM). Under the CDM, Certified Emission Reductions (CERs) are issued for emission-reduction projects in developing countries. Two percent of all CERs issued by the CDM are transferred to the AF, with the exception of CERs issued in respect of projects in Least Developed Countries. The AF is funded by the proceeds of the sale of these CERs as well as other sources of funding.

At its December 2007 meeting the CMP also established the Adaptation Fund Board (AFB) as the operating body of the AF with the mandate to supervise and manage the AF under the authority and guidance of the CMP. Legislation was enacted by the Republic of Germany in February 2011, conferring legal capacity to the AFB.

At the December 2007 meeting, the CMP invited the International Bank for Reconstruction and Development (IBRD) to serve as the interim Trustee (the Trustee) and the Global Environment Facility (GEF) to provide secretariat (Secretariat) services to the AFB to support and facilitate its activities. Both invitations were made and accepted on an interim basis. The Trustee mandate would automatically expire three months after the sixth session of the CMP, unless the CMP and the Trustee affirmatively agreed to extend beyond March 2011. At its meetings in September 2010, the AFB decided to recommend to the CMP a three-year extension of IBRD's role as interim Trustee to March 2014. The recommendation was considered and approved by the CMP at its December 2010 meeting in Cancun, Mexico and was approved by the IBRD's Board of Executive Directors in February 2011. The CMP met again in Warsaw, Poland in November 2013 when they decided to undertake a review of the AF and its governance structure and adopted a recommendation by the AFB to extend IBRD's mandate as interim Trustee until May 2015, to permit continued operations of the AF. This recommendation was approved by the IBRD's Board of Executive Directors on February 28, 2014. At its meetings in December 2014, the AFB decided to recommend to the CMP a two-year extension of IBRD's role as interim Trustee to May 2017. This recommendation was approved by the IBRD's Board of Executive Directors on February 2, 2015. The Secretariat mandate contains no automatic expiration.

The Trustee performs two core functions on behalf of the AF: (1) the sale ("monetization") of the CERs in accordance with the guidelines developed by IBRD as Trustee and approved by the AFB; and (2) management of

the Adaptation Fund Trust Fund (the Trust Fund). The Trustee established the Trust Fund on February 27, 2009 (date of inception, hereinafter referred to as “Inception”), to hold AF funds and then transfer them for projects, programs and other activities as instructed by the AFB. The Trustee also manages the investment of the Trust Fund balances, and provides accounting and financial reporting services for the Trust Fund.

The Trustee does not hold CERs in the Trust Fund. Once monetized, CERs are transferred directly to buyer accounts in exchange for cash proceeds that are deposited in the Trust Fund.

The AF’s activities are carried out by implementing entities (the IEs), who are responsible to the AFB for the execution of programs. IBRD also serves as an IE. Each IE implements projects related to the AF and administers funds transferred to it by IBRD, as Trustee, at the instruction of the AFB. In its capacity as IE of the AF, IBRD established a separate trust fund (Adaptation Fund – Implementing Agency Fund) to receive AF funds transferred by the Trustee from the Trust Fund.

The Statement of Receipts, Disbursements and Fund Balance (Statement) reports solely the receipts, disbursements and fund balance of the Trust Fund, and does not include the activities or financial position of the AF, the AFB or the IEs.

Note 2 - Significant Accounting Policies

Basis of preparation

This Statement has been prepared on the cash receipts and disbursements basis of accounting, modified to record the Trust Fund’s share in the pooled cash and investments at fair value (modified cash basis of accounting). Accordingly, net investment income includes the Trust Fund’s share of realized and unrealized investment income/loss (see Note 3).

The modified cash basis of accounting is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (U.S. GAAP) or International Financial Reporting Standards (IFRS); therefore, the Statement is not intended to be a presentation in conformity with U.S. GAAP or IFRS. Receipts, with the exception of net investment income, as described above and in Note 5, are reported when collected (i.e., when credited to the Trust Fund) rather than when pledged/earned, and disbursements are reported when paid (i.e., when debited to the Trust Fund) rather than when incurred. For example, the following transactions may be incurred in a different period than reported: (1) contributions not credited to the Trust Fund at the period end date due to timing or other reasons, (2) distributions, including approved grant payments, not debited to the Trust Fund at

period end date due to timing or other reasons; and (3) any refunds of previous disbursements deemed by the Trustee, to be ineligible in accordance with the Administration Agreements (Agreements).

Treatment of foreign currency transactions

The Statement is presented in U.S. dollars, which is the Trust Fund's functional and presentation currency. Transactions in currencies other than U.S. dollars are reported as follows:

- (i) Contributions/cash proceeds from monetization of CERs received by the Trust Fund in various currencies are converted into U.S. dollars by IBRD, as Trustee, upon receipt of funds and receipt of countersigned Agreements. Foreign currency transaction gains or losses, if any, on such conversion are borne by the Trust Fund.
- (ii) Cash transfers/disbursements in currencies other than U.S. dollars, if any, are reported at the rates of exchange prevailing on the date of the transaction and hence do not result in any exchange gain/loss to the Trust Fund.
- (iii) At the end of each reporting period, fund balances that are not denominated in U.S. dollars are revalued at the market rates of exchange prevailing at the end of the respective reporting period. Any adjustment resulting from currency exchange rate changes is reported as a foreign currency adjustment. As of June 30, 2015, there are no currencies held other than the functional currency and hence does not result in any exchange gain/loss to the Trust Fund.

Use of estimates

The preparation of the Statement requires management to make estimates and assumptions based upon information available as of the date of the Statement. Actual results could differ from these estimates. Areas in which management makes estimates and assumptions in determining the amounts to be recorded include the fair value of Trust Fund's share of the pooled cash and investments (see Note 3).

Note 3 - Trust Fund's share of the cash and investments in the Pool

Amounts paid into the Trust Fund but not yet disbursed, are managed by IBRD, which maintains an investment portfolio (the Pool) for all of the trust funds administered by IBRD, the International Development Association (IDA), the International Finance Corporation (IFC), the Multilateral Investment Guarantee Agency (MIGA), and the International Centre for Settlement of Investment Disputes (ICSID) (collectively the World Bank Group). IBRD, on behalf of the World Bank Group, maintains all trust fund assets separate and apart from the funds of the World Bank Group.

NOTES TO THE STATEMENT OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2015

All amounts expressed in U.S. dollars unless otherwise noted

The Pool is a trading portfolio and is reported at fair value, with realized and unrealized gains/losses included in net investment income. The share in pooled cash and investments represents the Trust Fund's share of the Pool's fair value at the end of each reporting period. The Trust Fund's share in the Pool is not traded in any market; however, the underlying assets within the Pool are reported at fair value. All investment decisions are made and performance is monitored at the Pool level.

Generally, the Pool includes cash and liquid financial instruments such as government and agency obligations, time deposits, money market securities, and asset-backed securities. Additionally, the Pool includes equity securities, derivative contracts such as currency forward contracts, currency swaps, interest rate swaps, and contracts to purchase or sell mortgage-backed securities to-be-announced (TBAs). Payables and receivables associated with the investment activities are also included in the Pool. The Pool may also include securities pledged as collateral under repurchase agreements, receivables from resale agreements and derivatives for which it has accepted collateral.

The Pool is divided into sub-portfolios to which allocations are made based on fund-specific investment horizons, risk tolerances and/or other eligibility requirements for trust funds with common characteristics as determined by IBRD, on behalf of the World Bank Group. An individual sub-portfolio may hold all or a portion of the types of financial instruments held by the Pool.

The Trust Fund's share of the cash and investments in the Pool has a fair value of \$308,470,940 as of June 30, 2015.

Note 4 - Proceeds from monetization of Certified Emission Reductions

Cash proceeds from the monetization of CERs executed by IBRD as Trustee are recorded as receipts by the Trust Fund. The Trustee monetized 3.1 million tons of CERs, generating cash proceeds of \$3,829,500 and 23.8 million tons, generating \$194,195,935 for the fiscal year ended June 30, 2015 and for the period from Inception to June 30, 2015, respectively.

Note 5 - Net investment income

Net investment income consists of the Trust Fund's allocated share of the following: interest income earned by the Pool, realized gains/losses from sales of securities, and unrealized gains/losses resulting from recording the assets held by the Pool at fair value.

Included in administrative budget disbursements, net are AFB daily subsistence allowance (DSA) payments made to AFB members for their attendance at the AFB meetings.
