Introduction

This report is produced by the World Bank as interim trustee (“Trustee”) for the Adaptation Fund, in accordance with the Trustee’s role in the Adaptation Fund Trust Fund as set forth under paragraph 23 in the Appendix of Decision 1/CMP.4 of the CMP¹. The report also includes estimates of potential resources available to the Adaptation Fund through 2020, based on assumptions and observed information at the time of preparation of the report. It should be noted that these estimates do not include any additional donations for which pledges have not yet been made, nor additional resources that may become available from any other instruments.

The information contained in this Financial Report is based on financial information as of September 30, 2013.

¹ The decision states that: “The Trustee shall prepare and furnish the Adaptation Fund Board with financial reports of the Trust Fund annually (or at any other such frequency agreed between the Trustee and the Adaptation Fund Board), and provide records and accounts of the Trust Fund for audit by its external auditors annually (or at any other such frequency agreed between the Trustee and the Adaptation Fund Board), in accordance with the policies and procedures of the Trustee. Furthermore, the Trustee shall prepare and furnish the Adaptation Fund Board with reports on the sale of the CERs for the Adaptation Fund and on the status of commitments and transfers of Trust Fund funds annually (or at any other such frequency agreed between the Trustee and the Adaptation Fund Board).”

Adaptation Fund Trust Fund Summary as of September 30, 2013

AF Trust Fund Financial Summary

Certified Emission Reduction (CER) Sales and Donations:

Since the start of the CER monetization program in May 2009, the Trustee has generated revenues of USDeq. 188.61 million through CER sales. The Trustee has generated revenues of USDeq. 0.6 million from CER sales during calendar year 2013 to date. As of September 30, 2013, cumulative donations to the Adaptation Fund amounted to USDeq. 151.3 million.

Investment Income:

As of September 30, 2013, the Adaptation Fund Trust Fund had earned cumulative investment income of approximately USD 2.6 million on the undisbursed balance of the Trust Fund. The Adaptation Fund Trust Fund liquid portfolio has returned 0.24% through the calendar year to September 30, 2013. Pursuant to the Report of the 17th meeting of the AF Board, dated April 16, 2012, the Trust Fund balance has been allocated to a longer term investment portfolio in accordance with the Trustee's procedures for trust fund investments.

Funding Approvals and Commitments

Cumulative net funding decisions (approvals by the AF Board) to end-September 2013 amounted to USD 212.2 million. As of September 30, 2013, approved amounts (committed by the Trustee) pending transfers to recipients totaled USD 129.89 million, representing an increase of USD 3.6 million since March 31, 2013.

Cash Transfers

Based on Adaptation Fund Board decisions, the Trustee has transferred a total of USD 82.3 million up to September 30, 2013, including USD 61.4 million related to projects and programs, further detailed in Section 6.

Funds Held in Trust

Funds Held in Trust² reflect proceeds from CER monetization, donations received and investment income, less cash transfers made to date. Funds Held in Trust as of September 30, 2013 amounted to USDeq. 260.3 million.

Funds available to support AF Board funding decisions

Funds available amounted to USD 127.4 million as of September 30, 2013. This represents an increase of USDeq. 3.5 million over the prior reporting period as a result of CER proceeds and donations received exceeding the volume of transfers in respect of funding decisions made by the AF Board.

Estimate of Funds available from 2013-2020

If current CER prices and estimated CER issuance levels remain unchanged, it is estimated that the Adaptation Fund would receive only USDeq. 30-60 million in additional CER proceeds to 2020. These additional proceeds, plus outstanding pledges of USDeq. 11.1 million, when added to the amount currently available, would result in approximately USD 170-200 million for new funding commitments to 2020, or approx. USD 25 million per year.

² Funds Held in Trust represents balance of cash, investments and unencashed promissory notes (if any) as of the reporting date.

CER SALES PROCEEDS

This table shows the proceeds from CER sales received into the Adaptation Fund Trust Fund.

The Trustee has generated revenues of USDeq. 188.61 million through CER sales since the start of the CER monetization program in May 2009.

CER prices have increased slightly but remain at historically low levels, reflecting continued oversupply and weak demand.

CER SALES VS. MONTHLY AVERAGE PRICE

This chart presents the number of CERs sold per month and the monthly average price obtained for CERs sold between May 2009 and September 2013. During the last quarter, the Trustee sold 300,000 CERs and generated USDeq. 0.29 million in CER proceeds. The average price achieved by the trustee during the quarter was EUR 0.71.

b/ Donation corresponds to the Donor's pro-rata share of the balance in the Administrative Trust Fund

c/ In addition to the donation reflected in this table, the Trustee executed an agreement with the United Kingdom under which the UK waived its right to be reimbursed USD 990,300 from the AF Trust Fund in respect of their reimbursable contribution to the Administrative Trust Fund in 2008.

HIGHLIGHTS FOR THE PERIOD APRIL 1, 2013 THROUGH SEPTEMBER 30, 2013:

- The Trustee executed a donation agreement with Sweden and the Brussels Capital Region for SEK 100 million and EUR 1.2 million, respectively. Both contributions were received in the Adaptation Fund Trust Fund. Switzerland made a pledge to donate an additional CHF 10 million; the agreement is being processed.
- The Trustee executed a donation agreement with France for the transfer of their pro-rata share of the remaining balance in the AF Administrative Trust Fund.
- The Trustee executed an agreement with the United Kingdom under which the UK waived its right to be reimbursed USD 990,300 from the AF Trust Fund in respect of its reimbursable contribution to the Administrative Trust Fund in 2008. This resulted in a decrease in the amount of AF funding decisions pending cash transfer, and increase in funds available for new commitments by the AF Board.

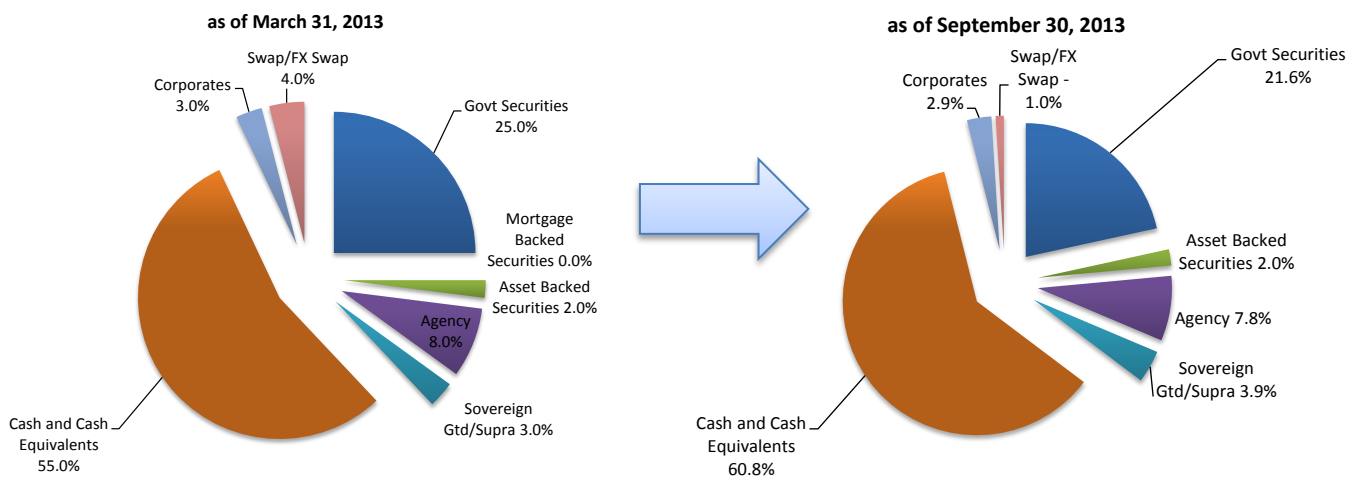

3. Asset Mix and Investment Income

The undisbursed cash balance of the Adaptation Fund Trust Fund is maintained in a commingled investment portfolio (“Pool”) for all trust funds managed by IBRD and is allocated across seven asset classes. The Pool is actively managed so that the probability of incurring negative returns is no more than 1% over the applicable investment horizon.

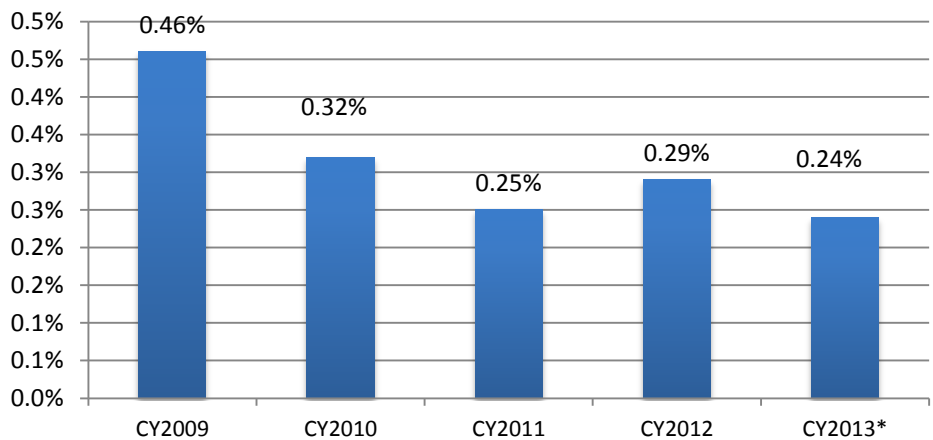

ASSET MIX

The portfolio allocation by asset class is dominated by government securities and money-market instruments. In 2012, the Adaptation Fund Board approved an updated investment strategy, reflecting the Fund’s mandate, current risk profile and projected liquidity needs. Based on projections that the Fund’s resources would remain undisbursed for at least one year and at a sizable level (above USD 100 million), its balance would be eligible for investment in a longer term tranche.

INVESTMENT RETURNS

The portfolio’s performance continues to be modest as the level of fixed income yields continued to fall to historically low levels. Contributors to performance were high-quality sovereign bonds in the United States and Europe.

4. Cumulative Resources - Potential Resources Available

ESTIMATED RESOURCES AVAILABLE THROUGH DECEMBER 31, 2020:

- Under current CER market conditions, the estimates of potential resources available for the Adaptation Fund for the period up to end-2020 (estimated as at September 30, 2013) range from approximately USD 170-200 million.

The details of the estimated potential resources available up to 2020 are presented below. An average of independent analysts' estimates of CER issuance from 2013 to 2020 is used, resulting in a new issuance estimate of approximately 2.4 billion CERs.

SNAPSHOT OF FUNDING DECISIONS:

- The cumulative funding decisions made by the Adaptation Fund Board up to September 30, 2013 amount to USD 212.2 million. The breakdown of funding decisions by National Implementing Entities (NIEs) and Multilateral Implementing Entities (MIEs) is presented in the table above.

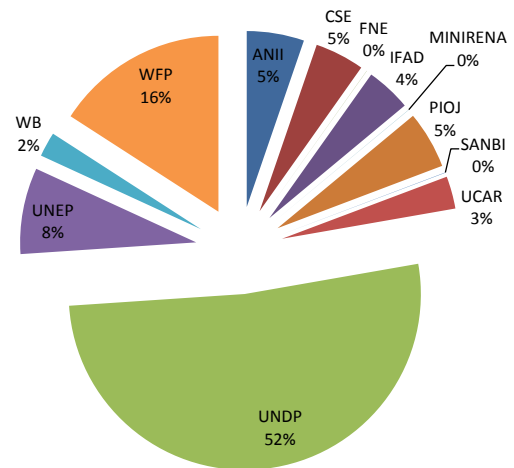

CUMULATIVE FUNDING DECISIONS

Since inception to September 30, 2013 funding approvals made by the AF Board totaled USD 212.2 million. AF Board, Secretariat and Trustee Expenses represent about 10% of total funding decisions. Administrative Trust Fund reimbursements were to UNEP and Australia for their contributions to AF Secretariat and Board expenses.

FUNDING DECISIONS BY NIE/MIE

Funding decisions by MIE/NIE show the cumulative funding decisions related to programs and projects. To date, cumulative funding decisions to MIEs/NIEs total USD 190 million.

PROJECT CONCEPTS AT ENDORSED STAGE

This table shows the additional project and program concepts endorsed by the Board.

These endorsements are not reflected in the calculation of funds available.

Highlights for the period April 1, 2013 through September 30, 2013:

- **Funds Held in Trust** represent cumulative receipts less cumulative cash transfers, and amount to USDeq. 260.3 million as of September 30, 2013. Funds Held in Trust increased by USDeq. 7 million due to:
 - The receipt of CER proceeds amounting to USDeq. 0.4 million.
 - The receipt of donations amounting to USD 16.8 million
 - Investment income of USDeq. 0.4 million earned during the quarter
 - Cash transfers of USD 10.6 million for projects, programs and operational expenses during the last two quarters.
- **New Funding decisions** arising from AF Board approvals amounted to USD 14.2 million.
- **Funding Availability** increased by USDeq. 3.5 million over the prior reporting period as a result of the factors outlined above.
