Introduction

The information contained in this report is prepared based on financial information as of March 31, 2017.

The CGIAR Fund (the “Fund”) was established as a Financial Intermediary Fund (FIF) in December 2010. The Fund is administered by the World Bank as Trustee, and governed by the Fund Council, a representative body of Fund donors and other stakeholders. The Fund operates through three Windows: Window 1 funds are used as determined by the Fund Council; Window 2 funds are directed by Fund Donors to eligible CRPs; and Window 3 funds are directed by Fund Donors to individual CGIAR Centers.

This report is produced by the Trustee in accordance with the Trustee’s role in the CGIAR Fund as set forth in Annex 2 of the Contribution Agreement section 6 which states:

“The Trustee shall maintain separate records and ledger accounts with respect to the Contributions deposited in the CGIAR Fund and transfers made there from. The Trustee shall maintain books, records, documents, and other evidence in accordance with the Trustee’s usual accounting procedures to sufficiently substantiate the management of funds in the CGIAR Fund. The Trustee shall report to the Fund Council and all the Fund Donors annually, unless otherwise agreed with the Trustee, on the status of the CGIAR Fund.”

The main contact person for the CGIAR Fund Trustee is Mr. Darius M. Stangu (dstangu@worldbank.org, +1 202 458 9321)

Financial Highlights

Investments

Funds Held in Trust are invested in a cash portfolio of the World Bank's Trust Fund investment pool. This portfolio comprises bank deposits and investments in money market instruments with an investment horizon of less than 3 months. Typically, funds invested in a cash portfolio represent working capital and funds that are expected to be disbursed in less than a year. As of March 31, 2017, the CGIAR Fund has earned investment income of approximately USD 1.67 million on the undisbursed balance of the CGIAR Fund Trust Fund. The CGIAR Fund liquid portfolio has returned 0.24% through the calendar year to March 31, 2017. Given the unpredictability of CGIAR Fund inflows and outflows, CGIAR liquidity balances cannot be currently invested in longer-term portfolios.

Donor Funding

The total amount of Contributions received represents 98% of total cumulative resources. However, overall donor funding remains unpredictable since only a few donors have signed multi-year Contribution Agreements/Arrangements and the majority of inflows to the CGIAR Fund are therefore unknown.
