

# CLIMATE INVESTMENT FUNDS

CTF/TFC.8/Inf.2  
October 20, 2011

---

Meeting of the CTF Trust Fund Committee  
Washington, D.C.  
November 4, 2011

**TRUSTEE REPORT ON THE  
FINANCIAL STATUS  
OF THE CLEAN TECHNOLOGY FUND**

## I. INTRODUCTION

1. This report provides the Trust Fund Committee of the Clean Technology Fund (CTF) with information on the financial status of the CTF Trust Fund. The paper is divided into six sections. Following the introduction in this Section I, Section II presents the status of contributions to the CTF; Section III discusses the endorsed CTF Investment Plans; Section IV reports on the total funding decisions made by the CTF Trust Fund Committee; Section V shows funding availability of the CTF Trust Fund; and Section VI reports on the update of activities undertaken by the Trustee to manage the CTF Trust Fund. Annex 1, prepared based on information provided by the Multilateral Development Banks (MDBs), presents the status of disbursements made by the MDBs.

## II. STATUS OF CONTRIBUTIONS

2. Contributions comprise both pledges and commitments from Contributors. Pledges represent a Contributor's expression of intent to make a contribution and form the basis for the endorsement of CTF Investment Plans by the CTF Trust Fund Committee, as further discussed in the next section. Pledges are converted to "commitments" by way of a countersigned Contribution or Loan Agreement/Arrangement. Table 1 presents the contributions to the CTF, broken down into pledged and committed amounts in the pledge currency. The contributions to the CTF amount to USD eq. 4.5 billion, valued at the exchange rates available on the date of the Climate Investment Funds (CIF) pledging meeting. The current value of the contributions amounts to USD eq. 4.4 billion as of September 30, 2011 (a difference of USD eq. 110 million).

						<b>4,543</b>	<b>4,433</b>	<b>(110)</b>	<b>2,979</b>	

a/ Represents pledges valued on the basis of exchange rates as of September 25, 2008, the CIF official pledging date.  
b/ Represents realized amounts plus unrealized amounts valued on the basis of exchange rates as of September 30, 2011.  
c/ The EUR 500 million pledge was committed in USD in the amount of USD eq. 615 million.  
d/ The USD 1 billion pledge was committed in JPY in the amount of JPY eq 93 billion.  
e/ Amount pledged under the Strategic Climate Fund and allocated to the Clean Technology Fund.  
f/ The total pledge made by the United States to the CIFs is USD 2 billion; the allocation across the programs is indicative.

3. Contributors may make a contribution to the CTF in the form of a: (i) Grant Contribution, (ii) Capital Contribution, or (iii) Loan Contribution. Grant or Capital Contributions to the Trust Fund may be paid by cash or, with the Trustee's agreement,

promissory notes payable on demand or similar obligations in a form acceptable to the Trustee in accordance with the terms of the Contribution Agreements/Arrangements with the Trustee. Loan Contributions are paid in cash in accordance with the terms of the Loan Agreement with the Trustee.

4. Table 2 shows the receipts on committed amounts from Contributors to the CTF Trust Fund as of March 31, 2011 and September 30, 2011. The Trustee had received USD 3 billion in total from the Contributors as of September 30, 2011.

United States	Grant	USD	485	485	427	427

### **III. CTF Investment Plans endorsed by the CTF Trust Fund Committee**

5. CTF Investment Plans, developed under the leadership of the relevant government, outline the proposed use of CTF resources in recipient countries through a joint MDB program. The Investment Plan is agreed between and owned by the government and the MDBs.<sup>1</sup> Investment Plans are submitted to the CTF Trust Fund Committee to endorse the further development of activities for CTF financing and to facilitate prioritization of projects in the pipeline. The value of the amounts pledged to the CTF forms the basis for endorsement of Investment Plans by the CTF Trust Fund Committee. As noted in Table 1, the current value of CTF contributions as of September 30, 2011 is USD eq. 4.4 billion.

6. To date, the CTF Trust Fund Committee has endorsed 14 Investment Plans for a total amount of proposed CTF funding of USD 4.6 billion (see Table 3). The endorsed amount exceeds the value of the pledges by USD eq. 162 million. The Investment Plan for Nigeria was endorsed at the November 2010 CTF Trust Fund Committee meeting, with the recognition that the resources pledged to the CTF have already been allocated to earlier Investment Plans and thus funding of the projects and programs in the Investment Plan for Nigeria will be contingent upon the availability of funds beyond what is planned for in the current pipeline. Since November 2010, no additional pledges to the CTF have been received to support the funding of the projects in the Investment Plan for Nigeria.

#### IV. Funding Decisions

7. The cumulative funding decisions for projects included in the endorsed Investment Plans and administrative budgets made by the CTF Trust Fund Committee as of September 30, 2011 amount to USD 1.7 billion, an increase of USD 274 million since March 31, 2011 (see Tables 3 and 4). Of the amount of endorsed Investment Plans of USD 4.6 billion, the CTF Trust Fund Committee approved funding for 28 projects totaling USD eq. 1.7 billion, representing 37% of the total endorsed amount. Table 4 also shows the breakdown of the project approvals by MDB. The project proposals pending approval as of September 30, 2011 or submitted to the CTF Trust Fund Committee after

September 30, 2011 are not included in the table. The breakdown of the cumulative funding decisions by financing type<sup>2</sup> is shown in Chart 1.

<sup>2</sup> Public sector harder concessional loan (H-Loan) has terms of 0.75% interest, 20 years maturity and 10 years grace on principal repayments; public sector softer concessional loan (S-Loan) has terms of 0.25% interest, 40 years maturity and 10 years grace on principal repayments.

## V. Funding Availability

8. Table 5 shows the Funds held in Trust for the CTF as of March 31, 2011 (USD eq. 2.3 billion) and September 30, 2011 (USD eq. 2.6 billion), based on the cumulative receipts and cash transfers since inception. This amount is brought forward to Table 6 to calculate the Funding Availability for the CTF Trust Fund. Funding Availability for the CTF Trust Fund refers to Funds held in Trust with no restrictions less (i) funding decisions pending cash transfers; and (ii) amounts pending decision by the CTF Trust Fund Committee. Accordingly, the net funding availability in the CTF Trust Fund as of September 30, 2011 amounts to USD eq. 1.1 billion.

b/ Valued on the basis of exchange rates as of September 30, 2011  
c/ Includes funds available of EUR 174 million.  
d/ Includes funds available of EUR 172 million.

## VI. Update on Trustee Activities

9. **Investment Management:** Table 7 illustrates the composition of instruments in which the CTF Trust Fund portfolio was invested as of September 30, 2011. Cash assets held in trust by the World Bank (as the Trustee) are maintained in a commingled investment portfolio (the “Pool”) for all trust funds administered by the World Bank. The assets in the Pool are managed in accordance with the investment strategy established for all trust funds administered by the World Bank. The Pool is actively managed so that the probability of incurring negative returns is no more than 1% over the applicable investment horizon.

<b>CLEAN TECHNOLOGY FUND</b>	
<b>Table 7. Asset Mix of the Trust Fund Portfolio</b>	
as of September 30, 2011	
<u>Asset Class</u>	<u>Percentage</u>
Govt	26%
Mortgage-backed Security	20%
Asset-backed Security	4%
Agency	4%
Sovereign/Govt Gtd	10%
Money Markets/Fin. Inst	29%
Corporates	3%
Swap/FX Swap	5%
	<u>100%</u>

10. As of September 30, 2011, the CTF Trust Fund has earned investment income of approximately USD 31 million on the undisbursed balance of the Trust Fund. The investment income return since inception was approximately 2.62%.

11. **Accounting and Reporting:** The external audit of the Trustee's CY10 financial statements is now completed. The audited financial statements along with the external auditor's report will be distributed to the CTF Trust Fund Committee members when available. The CIF MDB Financial Consultation meeting was hosted by EBRD in London from Tuesday October 4 through Thursday October 6, 2011. All CIF partner agencies were represented by the relevant finance and accounting staff. Discussions centered on creating more efficiencies in the process flows across the partnership, simplifying the reporting requirements of the MDBs to the Trustee in accordance with the Financial Procedures Agreements, and coordinating the accounting and audit arrangements between the Trustee and the MDBs. It was agreed that all MDBs will apply special purpose accounting basis in preparing the financial statements for the CIFs. It was clarified that the Trustee would not consolidate the data of the MDBs to produce a single financial statement, but rather would present all financial statements independently to the CTF Trust Fund Contributors and Committee members but in a single package. It was also agreed that each MDB will prepare special purpose financial statements for the December 31, 2011 year-end and conduct an external audit for the statements if the MDB has received more than US\$ 10 million.

12. **Systems Development:** In FY10, the Trustee began the development of an automated and secure systems platform to manage the Clean Technology Fund and Strategic Climate Fund Trust Funds. The system will support Trustee financial operations as well as CIF operations, specifically pipeline management and related workflow between the MDBs, CIF Administrative Unit, and the Trustee. The system platform will leverage other existing platforms owned by the World Bank. Several critical Trustee applications were delivered in FY11, as reported to the Trust Fund Committees in previous Trustee reports. The plans for FY12 include close collaboration with the CIF Administrative Unit to develop an SAP platform for storing and managing CIF project pipeline and creating a management dashboard to facilitate program planning and communications to the Trust Fund Committees and the MDBs. In addition, the Trustee will develop applications to store and manage (i) scheduled interest and principal repayments as provided by the MDBs; (ii) scheduled interest and principal repayments to the Loan Contributors; (iii) scheduled refunds received from the MDBs; and (iv) contribution transfers across SCF windows or to the CTF Trust Fund.

13. **Launch of Trustee Websites:** In July 2011, as part of the World Bank's Open Data Access Initiative, the Trustee launched a portal for Financial Intermediary Funds (FIFs), which include the CTF and SCF Trust Funds, on the "**World Bank Finances**" website (<https://finances.worldbank.org/>). This website will provide downloadable donor contribution data for each FIF as well as funding approvals, and Trustee commitments and cash transfers to the MDBs. Further, as communicated to the CTF and SCF Committees in the June 2011 meetings, the Trustee is set to launch a second website

catering solely to FIFs, which will disseminate for each FIF (i) financial information and trend analysis; (ii) scheduled reports; (iii) financial statements; (iv) governance documents; and (v) links to helpful resources. Future plans include the addition of interactive capabilities to retrieve, filter, and download 'real-time' financial information. The FIF Trustee website ([www.worldbank.org/fiftrustee](http://www.worldbank.org/fiftrustee)) is scheduled to be launched in November 2011.

**Disbursement Report as of June 30, 2011**

1. The attached CTF Disbursement Report was prepared by the Trustee based on the information provided by the MDBs as of June 30, 2011, and was circulated to the Trust Fund Committee by mail on September 2, 2011.
2. The next report will be prepared as of December 31, 2011, and circulated to the Trust Fund Committee by mail.

## **CLEAN TECHNOLOGY FUND (CTF): DISBURSEMENT REPORT**

(as of June 30, 2011)

## **Introduction**

1. This *CTF Disbursement Report* was prepared by the Trustee based on the information provided by the MDBs as of June 30, 2011, and is being disseminated and posted on the CIF website as agreed by the CIF governing bodies in November 2010.
2. As agreed in the June 2011 meetings of the CIF governing bodies, the MDBs will make efforts to provide in future reports more detailed information on disbursements, including disbursements by MDBs at the project and country levels for public sector projects and programs and more qualitative information on the nature and progress of disbursing funds under private sector programs when confidentiality requirements do not permit public release of quantitative information.
