## INDEPENDENT AUDITOR’S REPORT

International Development Association as Administrator of the Debt Relief Trust Fund

## Opinion

We have audited the Statements of receipts, disbursements, and fund balance of the Debt Relief Trust Fund (the "Trust Fund"), administered by the International Development Association (the "Administrator"), for the year ended June 30, 2023, and for the period from November 7, 1996 ("Date of Inception") to June 30, 2023, and the related notes to the financial statements (collectively referred to as the "Statements").

In our opinion, the accompanying Statements present fairly, in all material respects, the receipts, disbursements, and fund balance of the Trust Fund for the year ended June 30, 2023 and for the period from Date of Inception to June 30, 2023, in accordance with the modified cash basis of accounting described in Note 2 to the Statements.

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Statements section of our report. We are independent of the Trust Fund and Administrator, and have fulfilled our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits, which include relevant ethical requirements in the United States of America and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Basis of Accounting

We draw attention to Note 2 to the Statements, which describes the basis of accounting. The Statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America or International Financial Reporting Standards as issued by the International Accounting Standards Board. Our opinion is not modified with respect to this matter.

## Responsibilities of Management and Those Charged with Governance for the Statements

Management is responsible for the preparation and fair presentation of the Statements in accordance with the modified cash basis of accounting described in Note 2 to the Statements and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the Statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Trust Fund's financial reporting process.

## Auditor's Responsibilities for the Audit of the Statements

Our objectives are to obtain reasonable assurance about whether the Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and ISAs will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Statements.

In performing an audit in accordance with GAAS and ISAs, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Disclaimer of Opinion on Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the Statements as a whole. The supplemental schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the Statements. These schedules are the responsibility of the Trust Fund's management. Such schedules have not been subjected to the auditing procedures applied in our audits of the Statements and, accordingly it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

## Note 1 - Organization and operations

On November 7, 1996 (date of inception, hereinafter referred to as 'Inception'), the Executive Directors of the International Bank for Reconstruction and Development (IBRD) and the International Development Association (IDA) approved the establishment of the Heavily Indebted Poor Countries (HIPC) Debt Initiative Trust Fund to be administered by IDA (the Administrator) (Original Framework). The HIPC was renamed as Debt Relief Trust Fund (the Trust Fund) per an amendment dated October 6, 2008 (Amendment). The Trust Fund provides financial support to participating multilateral credit institutions to assist them in achieving their agreed share of debt relief to eligible HIPCs on debt owed to such institutions. The Trust Fund can provide financial support for the prepayment of the debt, the coverage of debt service as it becomes due, the purchase and subsequent forgiveness of debt, or other arrangements as the Administrator deems appropriate, which have the effect of reducing the present value of the debt service owed on such debt. The resources available in the Trust Fund consist of contributions received from participating multilateral creditors and bilateral donors, and investment income earned on undisbursed funds.

In September 1999, the Development and Interim Committees of IBRD/IDA and the International Monetary Fund (IMF) endorsed, subject to the availability of funding, enhanced debt relief under the HIPC Debt Initiative (Enhanced Framework). On January 27, 2000, the Executive Directors of IDA approved modalities for an Enhanced Framework, including the provision to forgive a portion of eligible debt service obligations of a HIPC as it becomes due to IDA (IDA debt relief operations). The resources available to fund IDA debt relief operations (hereafter referred to as the IBRD/IDA component of the Trust Fund) are funded by (i) transfers from IBRD's net income or Surplus, which are approved by IBRD's Board of Governors, and (ii) contributions of other donors to the Trust Fund. The IBRD/IDA component is used to reimburse IDA for debt service forgiven under the Enhanced Framework, to the extent resources are available. As of June 30, 2023, the Administrator had agreed to provide debt relief under the Enhanced Framework to 29 active HIPCs.

On October 6, 2008, the Original Framework was further amended by the Executive Directors of IBRD and IDA to authorize the Trust Fund to receive contributions from bilateral donors in addition to funds received from IBRD towards IDA's cost of arrears clearance and debt cancellation under the Multilateral Debt Relief Initiative (MDRI). Therefore, donors may designate that their contribution to the Trust Fund be counted as part of fulfillment of their commitments to IDA's replenishment.

## Note 2 - Significant accounting policies

## Basis of preparation

The Statements of Receipts, Disbursements and Fund Balance (the Statements) and accompanying Notes have been prepared on the cash receipts and disbursements basis of accounting, modified to record the Trust Fund's share of the pooled cash and investments at fair value (modified cash basis of accounting). Accordingly, net investment income/(loss) includes the Trust Fund's share of realized and unrealized gains/losses and interest income earned by the Pool, (see Note 3) with the exception of net investment income earned on contributions received from Denmark, which was credited to a separate trust fund in accordance with the agreement with Denmark (see Notes 3 and 5).

The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP) or International Financial Reporting Standards (IFRS); therefore, the Statements are not intended to be a presentation in conformity with U.S. GAAP nor IFRS. Receipts, with the exception of net investment income/(loss), as described above and in Note 5, are reported when applied (i.e., when recorded in the Trust Fund after receiving in the Pool) rather than when pledged/earned or received in the Pool and disbursements are reported when initially paid at the Trust Fund level (i.e., when recorded in the Trust Fund) rather than when later paid out of the Pool. For example, the following transactions may be incurred in one period and reported in a different period: (1) contributions not recorded in the Trust Fund at the period end date due to timing or other reasons, (2) disbursements, including approved grant payments, not recorded in the Trust Fund at period end date due to timing or other reasons; and (3) any refunds of previous disbursements deemed by the Administrator to be ineligible in accordance with the agreements.

## Treatment of foreign currency transactions

The Statements are presented in U.S. dollars, which is the Trust Fund's reporting currency. Transactions in currencies other than U.S. dollars are reported as follows:
(i) Contributions received by the Trust Fund in various currencies are converted into U.S. dollars by IBRD, on behalf of the Administrator, upon receipt of countersigned administration agreements and application of receipts at the Trust Fund level, after initially received in the pool. The conversion of contributions received in various currencies into the U.S. dollars may be recorded in a different period due to timing or other reasons. Foreign currency transaction gains or losses, if any, on conversion of the contributions are borne by the Trust Fund and are reported in Contributions from Donors in the Statements.
(ii) Contributions received in currencies other than U.S. dollars and disbursed in the respective receipt currencies are reported at the rates of exchange in effect on the date when the Bank executes the currency transaction to convert to U.S. dollars. Any adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustment in the Statements.

# NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE 

June 30, 2023
All amounts expressed in U.S. dollars unless otherwise noted
(iii) At the end of each reporting period, fund balances that are not denominated in U.S. dollars are revalued at the market rates of exchange prevailing at the end of the respective reporting period. Any adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustment in the Statements.

## Use of estimates

The preparation of the Statements requires management to make estimates and assumptions based upon information available as of the date of the Statements. Actual results could differ from these estimates. Management makes estimates and assumptions in determining the amounts to be recorded for the fair value of modified cash basis Trust Fund's share of cash and investments in the Pool (see Notes 3 and 5). Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, i.e. exit price.

## Note 3 - Trust Fund's share of the cash and investments in the Pool

Amounts paid into the Trust Fund, but not yet disbursed, are managed by IBRD, which maintains an investment portfolio (the Pool) for all of the trust funds administered by IBRD, IDA, the International Finance Corporation, the Multilateral Investment Guarantee Agency, and the International Centre for Settlement of Investment Disputes (collectively, the World Bank Group). IBRD, on behalf of the World Bank Group, maintains all trust fund assets separate and apart from the funds of the World Bank Group

The Pool is a trading portfolio and is reported at fair value, with realized and unrealized gains/losses included in net investment income. The share in the pooled cash and investments represents the Trust Fund's share of the Pool's fair value at the end of each reporting period. The Trust Fund's share in the Pool is not traded in any market; however, the underlying assets and liabilities within the Pool are reported at fair value. Generally, the Pool includes cash and liquid financial instruments such as government and agency obligations, time deposits, money market instruments, and asset-backed securities. Additionally, the Pool also includes other financial instruments such as equity securities, derivative contracts such as currency forward contracts, currency swaps, interest rate swaps, and contracts to purchase or sell mortgage-backed securities to-be-announced (TBAs). Payables and receivables related to unsettled trades are also included in the Pool. The Pool may also include securities pledged as collateral under repurchase agreements, receivables from resale agreements and collateral received relating to derivatives. IBRD takes into account Environmental, Social and Governance (ESG) factors, in addition to other factors when making investment decisions.

The Pool is divided into sub-portfolios to which allocations are made based on fund specific investment horizons, risk tolerances and/or other eligibility requirements for trust funds with common characteristics as determined by

IBRD, on behalf of the World Bank Group. An individual sub-portfolio may hold all or a portion of the types of financial instruments held by the Pool. The Pool is rebalanced regularly to meet liquidity needs and optimize the Pool's investment return.

The Trust Fund's share of the cash and investments in the Pool has a fair value of $\$ 232,468,374$ as of June $30,2023$.

## Note 5 - Net investment income

Net investment income consists of the Trust Fund's allocated share of the following: interest income earned by the Pool, realized gains/losses from sales of securities and dividends, and unrealized gains/losses resulting from recording the assets and liabilities held by the Pool at fair value, with the exception of net investment income on funds contributed by Denmark. Pursuant to the agreement with Denmark, net investment income pertaining to Denmark's contribution was recorded in a separate trust fund and was refunded to Denmark.

## Note 6 - Transfers from other trust funds

An amount of $\$ 41,524,309$ was received for the period from Inception to June 30, 2023, from the Holding Trust Fund of France - Ministry of Finance and Public Accounts, to the Trust Fund, towards IDA 17 ${ }^{\text {th }}$ replenishment, in accordance with the Notice of Additional Contribution dated December 19, 2014, signed by the Government of France. As per the Administration agreement entered by the donors, unused funds after closure of the Debt Service Multi donor Trust Fund, amounting to $\$ 74,900$, were refunded to the Trust Fund prior to July 1, 2023.

## Note 7 - Debt relief disbursements

Debt relief disbursements are made in accordance with the specific mechanism used by the Trust Fund (e.g., prepayment of debt, commitment to cover debt service as it falls due, clearance of arrears or the purchase and subsequent forgiveness of debt) and is determined by the Administrator in consultation with each respective debtor and creditor.

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2023
All amounts expressed in U.S. dollars unless otherwise noted

## Note 8 - Refunds to donors

IDA and NDF entered into agreement dated September 16, 1997, as amended, under which NDF contributed $\$ 33,236,059$ to support the Trust Fund's activities. As per the agreement, unused funds after the completion of activities amounting to $\$ 475,925$, were refunded to NDF prior to July 1, 2022. In addition to this, unused fund balance amounting to $\$ 16,770$ was refunded to the European Commission based on their request to terminate their Contribution Agreement prior to July 1, 2022.

## Note 9 - Transfers to other trust funds

Under contribution agreements between donors and the Administrator, the donors' share of unutilized investment income has been transferred by the Administrator from the Trust Fund to other trust funds. The details of these transfers are as follows:

[^0]:    ${ }^{\text {a }}$ Contributions from the AfDB are received in the form of promissory notes, which can and are anticipated to be relieved by an offsetting credit associated with debt relief disbursements provided by the AfDB to its HIPC borrowers. These are non-cash and are not presented under amounts received. As of June 30, 2023, there are no promissory notes that are yet to be relieved against debt relief disbursements.
    ${ }^{\text {b }}$ Donors may contribute in currencies other than the commitment currency.
    ${ }^{c}$ Units of Account (U.A.) is the monetary unit used by the AfDB. 1 U.A. =1 SDR (Special Drawing Right).
    ${ }^{d}$ The contribution amounts represent the donor's original contribution into the Interest Subsidy Fund (ISF) (external to the Trust Fund), which is no longer required for ISF's original purpose.
    e The Netherlands separately contributed $\$ 20$ million to Zambia for debt relief provided by the IMF over and above the debt relief called for under the HIPC Debt Initiative. This amount is not included in the Netherlands contribution amount as presented in the Statements or in the table above.

[^1]:    ${ }^{\text {a }}$ In addition to $\$ 2,901,185,802$ of debt relief disbursements to the AfDB, $\$ 395,148,987$ of promissory notes received from the AfDB have been relieved by an offsetting credit associated with debt relief disbursements provided by the AfDB to its HIPC borrowers. These are non- cash in nature and hence, are not included under debt relief disbursements.
    b During the fiscal year ended June 30, 2023, the following donors have elected to disburse their contributions from the Trust Fund to IDA as their contributions to the IDA $19^{\text {th }} \&$ IDA $20^{\text {th }}$ replenishment, towards debt relief (see Note 1 )
