## Independent Auditors' Report

International Development Association; as Administrator of the Debt Relief Trust Fund:

We have audited the accompanying statement of receipts, disbursements and fund balance (the Statement) of the Debt Relief Trust Fund (the Trust Fund) under administration by the International Development Association (the Administrator) for the fiscal year ended June 30, 2018, and the related notes to the Statement.

We are independent of the Trust Fund and the Administrator in accordance with the ethical requirements that are relevant to our audit of the Statement in the United States of America together with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* and we have fulfilled our other ethical responsibilities in accordance with these requirements, respectively.

### *Responsibilities of Management and Those Charged with Governance for the Statement*

Management is responsible for the preparation and fair presentation of the Statement in accordance with the modified cash basis of accounting described in Note 2; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Statement that is free from material misstatement, whether due to fraud or error.

In preparing the Statement, management is responsible for evaluating whether there are conditions and events, considered in the aggregate, that raise substantial doubt about the Trust Fund's ability to continue as a going concern within one year after the date that the Statement is issued or available to be issued, and disclosing, as applicable, matters relating to this evaluation unless the liquidation basis of accounting is being used.

Those charged with governance are responsible for overseeing the Trust Fund's financial reporting process.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement, whether due to fraud or error. Reasonable assurance is a high level of assurance but is not a guarantee that an audit will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. We design audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error because fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

In making those risk assessments, the auditor considers internal control relevant to the Trust Fund's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation, structure, and content of the Statement, including disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

As part of an audit, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether substantial doubt exists related to the Trust Fund's ability to continue as a going concern. If we conclude that substantial doubt exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust Fund to cease to continue as a going concern.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Administrator or business activities within the Trust Fund to express an opinion on the Statement. We are responsible for the direction, supervision, and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies or material weaknesses in internal control that we identify during our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Opinion*

In our opinion, the Statement referred to above presents fairly, in all material respects, the receipts and disbursements and fund balance of the Trust Fund for the year ended June 30, 2018 in accordance with the modified cash basis of accounting described in Note 2.

#### *Basis of Accounting*

We draw attention to Note 2 of the Statement, which describes the basis of accounting. The Statement is prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America or International Financial Reporting Standards, as issued by International Accounting Standards Board. Our opinion is not modified with respect to this matter.

#### *Other Matters*

##### *Inception to Date Amounts*

As described in Note 10 to the Statement, the accompanying statement of receipts, disbursements and fund balance of the Trust Fund for the period November 7, 1996 (date of inception) to June 30, 2018, was not audited by us and, accordingly, we do not express an opinion. Our opinion is not modified with respect to this matter.

*Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the Statement as a whole. The supplementary information included in the Supplemental Schedules, (i) through (vii) are presented for purposes of additional analysis and are not a required part of the Statement. Such information has not been subjected to the auditing procedures applied in the audit of the Statement, and accordingly, we do not express an opinion or provide assurance on it.

# NOTES TO THE STATEMENT OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2018

*All amounts expressed in U.S. dollars unless otherwise noted*

## Note 1 - Organization and operations

On November 7, 1996 (date of inception, hereinafter referred to as 'Inception'), the Executive Directors of the International Bank for Reconstruction and Development (IBRD) and the International Development Association (IDA) approved the establishment of the Heavily Indebted Poor Countries (HIPC) Debt Initiative Trust Fund to be administered by IDA (the Administrator) (Original Framework). The HIPC was renamed as Debt Relief Trust Fund (the Trust Fund), per an amendment dated October 6, 2008 (Amendment). The Trust Fund provides financial support to participating multilateral credit institutions to assist them in achieving their agreed share of debt relief to eligible HIPCs on debt owed to such institutions. The Trust Fund can provide financial support for the prepayment of the debt, the coverage of debt service as it becomes due, the purchase and subsequent forgiveness of debt, or other arrangements as the Administrator deems appropriate, which have the effect of reducing the present value of the debt service owed on such debt. The resources available in the Trust Fund consist of contributions received from participating multilateral creditors and bilateral donors, and investment income earned on undisbursed contributions.

In September 1999, the Development and Interim Committees of IBRD/IDA and the International Monetary Fund (IMF) endorsed, subject to the availability of funding, enhanced debt relief under the HIPC Debt Initiative (Enhanced Framework). On January 27, 2000, the Executive Directors of IDA approved modalities for an Enhanced Framework, including the provision to forgive a portion of eligible debt service obligations of a HIPC as it becomes due to IDA (IDA debt relief operations). The resources available to fund IDA debt relief operations (hereafter referred to as the IBRD/IDA component of the Trust Fund) are funded by (i) transfers from IBRD's net income or Surplus, which are approved by IBRD's Board of Governors, and (ii) contributions of other donors to the Trust Fund. The IBRD/IDA component is used to reimburse IDA for debt service forgiven under the Enhanced Framework, to the extent resources are available. As of June 30, 2018, the Administrator had agreed to provide debt relief under the Enhanced Framework to 30 HIPCs.

On October 6, 2008, the Original Framework was further amended by the Executive Directors of IBRD and IDA to authorize the Trust Fund to receive contributions from bilateral donors in addition to funds received from IBRD towards IDA's cost of arrears clearance and debt cancellation under the Multi-lateral Debt Reduction Initiative (MDRI). Therefore, donors may designate that their contribution to the Trust Fund be counted as part of fulfillment of their commitments to IDA's replenishment.

## Note 2 - Significant accounting policies

### *Basis of preparation*

The Statement of Receipts, Disbursements and Fund Balance (the Statement) has been prepared on the cash receipts and disbursements basis of accounting, modified to record the Trust Fund's share of the pooled cash and investments at fair value (modified cash basis of accounting). Accordingly, net investment income includes the Trust Fund's share of realized and unrealized investment income/loss, with the exception of net investment income earned on contributions received from Denmark, which was credited to a separate trust fund, in accordance with the agreement with Denmark (see Notes 3 and 5).

The modified cash basis of accounting is a comprehensive basis of accounting other than U. S. generally accepted accounting principles (U.S. GAAP) or International Financial Reporting Standards (IFRS); therefore, the Statement is not intended to be a presentation in conformity with U.S. GAAP or IFRS. Receipts, with the exception of net investment income, as described above and in Note 5, are reported when collected (i.e., when credited to the Trust Fund) rather than when pledged/earned, and disbursements are reported when paid (i.e., when debited to the Trust Fund) rather than when incurred. For example, the following transactions may be incurred in one period and reported in a different period: (1) contributions not credited to the Trust Fund at the period end date due to timing or other reasons, (2) distributions, including approved grant payments, not debited to the Trust Fund at period end date due to timing or other reasons; and (3) any refunds of previous disbursements deemed by the Administrator, to be ineligible in accordance with the agreements.

### *Treatment of foreign currency transactions*

This Statement is presented in U.S. dollars, which is the Trust Fund's functional and presentation currency. Transactions in currencies other than U.S. dollars are reported as follows:

- (i) Contributions received by the Trust Fund in various currencies are converted into U.S. dollars by IBRD, on behalf of the Administrator, upon receipt of funds and receipt of countersigned administration agreements. Foreign currency transaction gains or losses, if any, on conversion of the contributions are borne by the Trust Fund and are reported as contributions from Donors in the Statement.
- (ii) Contributions received in currencies other than U.S. dollars and disbursed in the respective receipt currencies are reported at the market rates of exchange prevailing at the date of transactions. Any adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustment in the Statement.
- (iii) At the end of each reporting period, fund balances that are not denominated in U.S. dollars are revalued at the market rates of exchange prevailing at the end of the respective reporting period. Any adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustment in the Statement.

## *Use of estimates*

The preparation of the Statement requires management to make estimates and assumptions based upon information available as of the date of the Statement. Actual results could differ from these estimates. Management makes estimates and assumptions in determining the amounts to be recorded in the fair value of modified cash basis trust funds' share of the pooled cash and investments (see Notes 3 and 5).

## **Note 3 - Trust Fund's share of the cash and investments in the Pool**

Amounts paid into the Trust Fund, but not yet disbursed, are managed by IBRD, which maintains an investment portfolio (the Pool) for all of the trust funds administered by IBRD, IDA, the International Finance Corporation, the Multilateral Investment Guarantee Agency, and the International Centre for Settlement of Investment Disputes (collectively, the World Bank Group). IBRD, on behalf of the World Bank Group, maintains all trust fund assets separate and apart from the funds of the World Bank Group.

The Pool is a trading portfolio and is reported at fair value, with realized and unrealized gains/losses included in net investment income. The share in the pooled cash and investments represents the Trust Fund's share of the Pool's fair value at the end of each reporting period. The Trust Fund's share in the Pool is not traded in any market; however, the underlying assets within the Pool are reported at fair value. All investment decisions are made, and performance is monitored, at the Pool level.

Generally, the Pool includes cash and liquid financial instruments such as government and agency obligations, time deposits, money market securities, and asset-backed securities. Additionally, the Pool includes equity securities, derivative contracts such as currency forward contracts, currency swaps, interest rate swaps, and contracts to purchase or sell mortgage-backed securities to-be-announced (TBAs). Payables and receivables associated with the investment activities are also included in the Pool. The Pool may also include securities pledged as collateral under repurchase agreements, receivables from resale agreements and derivatives for which it has accepted collateral.

The Pool is divided into sub-portfolios to which allocations are made based on fund specific investment horizons, risk tolerances and/or other eligibility requirements for trust funds with common characteristics as determined by IBRD, on behalf of the World Bank Group. An individual sub-portfolio may hold all or a portion of the types of financial instruments held by the Pool.

The Trust Fund's share of the cash and investments in the Pool has a fair value of \$213,937,840 as of June 30, 2018.

<sup>e</sup> The Netherlands separately contributed \$20 million (Unaudited, see Note 10) to Zambia for debt relief provided by the IMF over and above the debt relief called for under the HIPC Debt Initiative. This amount is not included in the Netherlands contribution amount as presented in the Statement.

### **Note 5 - Net investment income**

Net investment income consists of the Trust Fund's allocated share of the following: interest income earned by the Pool, realized gains/losses from sales of securities, and unrealized gains/losses resulting from recording the assets held by the Pool at fair value, with the exception of net investment income on funds contributed by Denmark. Pursuant to the agreement with Denmark, net investment income pertaining to Denmark's contribution was recorded in a separate trust fund and was refunded to Denmark.

### **Note 6 - Transfers from other trust funds**

An amount of \$41,524,309 (unaudited) was received for the period from Inception to June 30, 2018, from the Holding Trust Fund of France - Ministry of Finance and Public Accounts, to the Trust Fund, towards IDA 17 replenishment, in accordance with the Notice of Additional Contribution dated December 19, 2014, signed by the Government of France. As per the Administration agreement entered by the donors, unused funds after closure of the Debt Service Multi donor Trust Fund, amounting to \$74,900 (unaudited, see note 10), were refunded to the trust fund prior to July 1, 2017.

### **Note 7 - Debt relief disbursements**

The specific mechanism for debt relief used by the Trust Fund (e.g., prepayment of debt, commitment to cover debt service as it falls due, clearance of arrears or the purchase and subsequent forgiveness of debt) is determined by the Administrator, in consultation with each respective debtor and creditor.

## NOTES TO THE STATEMENT OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2018

All amounts expressed in U.S. dollars unless otherwise noted

### Note 8 - Refund to donor

IDA and NDF entered into agreement dated September 16, 1997, as amended, under which NDF contributed \$33,236,059 (Unaudited, see Note 10) to support the Trust Fund's activities. As per the agreement, unused funds after the completion of activities amounting to \$475,925 (unaudited, see note 10), were refunded to NDF prior to July 1, 2017.

### Note 9 - Transfers to other trust funds

Under contribution agreements between donors and the Administrator, the donors' share of unutilized investment income has been transferred by the Administrator from the Trust Fund to other trust funds. The details of these transfers are as follows:

## **NOTES TO THE STATEMENT OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE**

**June 30, 2018**

*All amounts expressed in U.S. dollars unless otherwise noted*

---

### **Note 10 - Inception to date amounts**

For fiscal years from July 1, 2008 to June 30, 2012, the Trust Fund's financial statements were audited under a special purpose basis of accounting, and for the fiscal years beginning July 1, 2012, the statements of the Trust Fund are audited under a modified cash basis of accounting. KPMG LLP expressed unqualified audit opinions on the special purpose financial statements as well as modified cash basis financial statements for the respective fiscal years. In addition, the special purpose financial statements for the period from Inception to June 30, 2008 were audited by other auditors, who expressed an unqualified audit opinion thereon, dated November 30, 2008. As a result, all activities for the period from Inception to June 30, 2018 have been subject to audit by different audit firms. However, because the amounts for the period from Inception to June 30, 2008 were not audited by KPMG LLP, the cumulative amounts have been labeled 'Unaudited'.

### **Note 11 - Subsequent events**

Management has evaluated subsequent events through October 4, 2018, the date this Statement was available to be issued, and there are no subsequent events that would require adjustment to or disclosure in this Statement.
