## **INDEPENDENT AUDITOR'S REPORT**

Global Environment Facility (GEF) Council and International Bank for Reconstruction and Development as Trustee of the Global Environment Facility Trust Fund - TF029840

### **Opinion**

We have audited the Statements of receipts, disbursements, and fund balance of the Global Environment Facility Trust Fund (the "Trust Fund"), administered by the International Bank for Reconstruction and Development as Trustee (the "Trustee") for the years ended June 30, 2024, and 2023, and the related notes to the financial statements (collectively referred to as the "Statements").

In our opinion, the accompanying Statements present fairly, in all material respects, the receipts, disbursements, and fund balance of the Trust Fund for the years ended June 30, 2024, and 2023, in accordance with the modified cash basis of accounting described in Note 4 to the Statements.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Statements section of our report. We are independent of the Trust Fund and Trustee, and have fulfilled our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits, which include relevant ethical requirements in the United States of America and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Basis of Accounting**

We draw attention to Note 4 to the Statements, which describes the basis of accounting. The Statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America or International Financial Reporting Standards as issued by the International Accounting Standards Board. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management and Those Charged with Governance for the Statements**

Management is responsible for the preparation and fair presentation of the Statements in accordance with modified cash basis of accounting described in Note 4 to the Statements and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the Statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Trust Fund's financial reporting process.

## **Auditor’s Responsibilities for the Audit of the Statements**

Our objectives are to obtain reasonable assurance about whether the Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and ISAs will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Statements.

In performing an audit in accordance with GAAS and ISAs, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust Fund’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust Fund’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Report on Supplemental Schedule**

Our audits were conducted for the purpose of forming an opinion on the Statements as a whole. The Supplemental Schedule of Contributions Receivable and the Supplementary Schedule of Promissory Notes Receivable (the “Schedules”) are presented for the purpose of additional analysis and are not a required part of the Statements. These Schedules are the responsibility of the Trust Fund’s management and were derived from and relate directly to the underlying accounting and other records used to prepare the Statements. Such Schedules have been subjected to the auditing procedures applied in our audits of the Statements and certain additional procedures, including comparing and reconciling such Schedules directly to the underlying accounting and other records used to prepare the Statements or to the Statements themselves, and other additional procedures in accordance with GAAS and ISAs. In our opinion, such Schedules are fairly stated in all material respects in relation to the Statements as a whole.

# NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

## Note 1 - Organization and operations

On July 1, 1994 (date of inception, hereinafter referred to as 'Inception'), the Global Environment Facility (GEF), was formally established as a financial mechanism by the Instrument for the Establishment of the Restructured Global Environment Facility (the Instrument). Further, the GEF Trust Fund (the Trust Fund) was established pursuant to the terms of the Instrument. Since inception, the Instrument has been amended periodically upon approval by the Assembly of the GEF (governing body of the GEF in which member countries participate) and adoption by the Implementing Agencies (see Note 3) and the Trustee of the Trust Fund (the Trustee as defined below).

The GEF provides funding to eligible countries for incremental costs of measures to achieve global environmental benefits in the following focal areas specified in the Instrument, as amended: biological diversity, climate change, international waters, land degradation (primarily desertification and deforestation), and chemicals and waste.

Incremental costs of such other activities under the 2030 Agenda for Sustainable Development as agreed by the GEF Council (the Council) are eligible for funding if they achieve global environmental benefits in the focal areas.

The Trust Fund is administered by the International Bank for Reconstruction and Development (IBRD) as Trustee. The resources of the Trust Fund, held in trust by the Trustee, are kept separate and apart from the resources of IBRD. The responsibilities of the Trustee include the mobilization of resources for the Trust Fund, financial management of the Trust Fund, investment of funds as well as disbursement of funds to the Implementing Agencies, Executing Agencies and GEF Project Agencies (Agencies) (see Note 3), in accordance with the provisions of the Instrument and decisions made by the Council.

## Note 2 - Summary of replenishments

On July 25, 2022, the World Bank Executive Directors adopted IBRD Resolution No. 2022-0003 entitled Global Environment Facility Trust Fund Eighth Replenishment of Resources (the GEF-8 Resolution) thereby authorizing IBRD, as Trustee of the Trust Fund, to manage the resources made available under the eighth replenishment of resources to the Trust Fund (the GEF-8).

As of June 30, 2024, there have been eight replenishment cycles under which the Trustee was authorized to accept contributions to the Trust Fund, as follows:

GEF-1: July 1, 1994 – June 30, 1998: \$2.01 billion

GEF-2: July 1, 1998 – June 30, 2002: \$2.67 billion

GEF-3: July 1, 2002 – June 30, 2006: \$2.93 billion

GEF-4: July 1, 2006 – June 30, 2010: \$3.34 billion

GEF-5: July 1, 2010 – June 30, 2014: \$4.39 billion<sup>1</sup>

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

GEF-6: July 1, 2014 – June 30, 2018: \$4.48 billion<sup>1</sup>

GEF-7: July 1, 2018 – June 30, 2022: \$4.39 billion<sup>1</sup>

GEF-8: July 1, 2022 – June 30, 2026: \$5.35 billion<sup>2</sup>

<sup>1</sup>The contributions under these replenishment cycles were revised based on actual contributions and investment income.

<sup>2</sup> Represents pledges, supplemental contributions and estimated investment income and is subject to change based on actuals.

### Note 3 - Implementing agencies and executing / GEF project agencies

Under the Instrument, there are three Implementing Agencies: IBRD, the United Nations Development Programme (UNDP) and the United Nations Environment Programme (UNEP) (jointly, the IAs, each individually, an IA). Specific responsibilities are assigned to each of the IAs, the GEF Secretariat (the Secretariat), the Trustee, the Independent Evaluation Office (IEO) and the Scientific and Technical Advisory Panel (STAP). GEF resources are allocated to each of those parties pursuant to the terms of the Instrument.

The Secretariat coordinates the formulation of projects included in the annual work program, oversees its implementation, and ensures that operational strategy and policies are followed. The Secretariat is supported administratively by IBRD but operates in an independent manner to discharge the responsibilities assigned to it under the Instrument. IEO is responsible for undertaking evaluations that involve a set of projects from more than one of the Agencies.

The GEF Chief Executive Officer (CEO) is appointed by the Council and heads the Secretariat. In addition to the three Implementing Agencies above, the following Executing/ GEF Project Agencies receive funding from the GEF:

- Asian Development Bank (ADB)
- African Development Bank/African Development Fund (collectively AfDB)
- Conservation International (CI)
- Development Bank of Latin America (CAF)
- European Bank for Reconstruction and Development (EBRD)
- Food and Agriculture Organization of the United Nations (FAO)
- Foreign Economic Cooperation Office, Ministry of Environmental Protection of China (FECO)
- Fundo Brasileiro para a Biodiversidade (FUNBIO)
- Inter-American Development Bank (IADB)
- International Fund for Agriculture and Development (IFAD)
- International Union for Conservation of Nature and Natural Resources (IUCN)
- The Development Bank of Southern Africa (DBSA)
- United Nations Industrial Development Organization (UNIDO)
- World Wildlife Fund (WWF-US)
- West African Development Bank (BOAD)

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

---

### Note 4 - Significant accounting policies

#### *Basis of preparation*

The Statements of Receipts, Disbursements and Fund Balance (the Statements) and accompanying notes have been prepared on the cash receipts and disbursements basis of accounting, modified to record the Trust Fund's share of the pooled cash and investments at fair value (modified cash basis of accounting). Accordingly, net investment income includes the Trust Fund's share of realized and unrealized gains/losses (see Note 5 and 7) and interest income earned by the Pool.

The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP) or International Financial Reporting Standards (IFRS); therefore, the Statements are not intended to be a presentation in conformity with U.S. GAAP nor IFRS. Receipts, with the exception of net investment income as described above and in Note 6, are reported when applied (i.e., when recorded in the Trust Fund after receiving in the pool) rather than when pledged/earned or initially received in the pool, and disbursements are reported when initially paid at the trust fund level (i.e., when recorded in the Trust Fund) rather than when later paid out of the pool. For example, the following transactions may be incurred in one period and reported in a different period (1) contributions not recorded in the Trust Fund at the period end date due to timing or other reasons (2) disbursements, including approved grant payments, not recorded in the Trust Fund at period end due to timing or other reasons; and (3) any refunds of previous disbursements deemed by the Trustee, to be ineligible in accordance with the Instrument.

The Statements do not include receipts, disbursements and fund balance of the Agencies, the Secretariat, STAP, and the IEO.

#### *Treatment of foreign currency transactions*

The Statements are presented in U.S. dollars, which is the Trust Fund's reporting currency. Transactions in currencies other than U.S. dollars are reported as follows:

- (i) Contributions received by the Trust Fund in various currencies are converted into U.S. dollars by IBRD, as Trustee, upon receipt of Instrument of Commitments (IoCs) and application of receipts at the Trust Fund level, after initially received in the pool. The conversion of contributions received in various currencies into U.S. dollars may be recorded in a different period due to timing or other reasons. Foreign currency transaction gains or losses, if any, on conversion of the contributions are borne by the Trust Fund and are reported in contributions received in the Statements.
- (ii) Disbursement to Agencies in currencies other than U.S. dollars, if any, are reported at the rates of exchange prevailing on the date of disbursement and hence does not result in any exchange gain/loss to the Trust Fund.
- (iii) At the end of each reporting period, fund balances that are not denominated in U.S. dollars, are revalued at the market rates of exchange prevailing at the end of the respective reporting period. Any

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

---

adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustment in the Statements.

### *Use of estimates*

The preparation of the Statements requires management to make estimates and assumptions based upon information available as of the date of the Statements. Actual results could differ from these estimates. Management makes estimates and assumptions in determining the amounts to be recorded for the fair value of modified cash basis Trust Fund's share of the cash and investments in the Pool (see notes 5 and 7). Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, i.e., exit price.

### **Note 5 - Trust Fund's share of the cash and investments in the Pool**

Amounts received by the Trust Fund but not yet disbursed, are managed by IBRD, which maintains a single, commingled investment portfolio (the Pool) for all the trust funds administered by IBRD, the International Development Association (IDA), the International Finance Corporation, the Multilateral Investment Guarantee Agency, and the International Centre for Settlement of Investment Disputes (collectively, the World Bank Group), in accordance with the IBRD's investment authorization, to allow for access to a wide variety of investment products in an efficient manner, including longer term maturity products to enhance returns over time. IBRD, on behalf of the World Bank Group, maintains all trust fund assets separate and apart from the funds of the World Bank Group.

The Pool is a trading portfolio and is reported at fair value, with realized and unrealized gains/losses included in net investment income. The share in the pooled cash and investments represents the Trust Fund's share of the Pool's fair value at the end of each reporting period. The Trust Fund's share in the Pool is not traded in any market; however, the underlying assets and liabilities within the Pool are reported at fair value.

Generally, the Pool includes cash and liquid financial instruments such as government and agency obligations, time deposits, money market securities, and asset-backed securities. Additionally, the Pool also includes other financial instruments such as equity securities, derivative contracts such as currency forward contracts, currency swaps, interest rate swaps, and contracts to purchase or sell mortgage-backed securities to-be-announced (TBAs). Payables and receivables relating to unsettled trades are also included in the Pool. The Pool may also include securities pledged as collateral under repurchase agreements, receivables from resale agreements and collaterals received related to derivatives. IBRD takes into account Environmental, Social and Governance (ESG) factors, in addition to other factors when making investment decisions.

The Pool is divided into sub-portfolios to which allocations are made based on fund-specific investment horizons, risk tolerances and/or other eligibility requirements for trust funds with common characteristics as determined by IBRD, on behalf of the World Bank Group. An individual sub-portfolio may hold all or a portion

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

---

of the types of financial instruments held by the Pool. The Pool is rebalanced regularly to meet liquidity needs and optimize the Pool's investment return.

The Trust Fund's share of the cash and investments in the Pool has a fair value of \$4,746,693,088 and \$4,200,703,752 as of June 30, 2024 and 2023, respectively.

### *Fair value measurements*

IBRD, on behalf of the World Bank Group, has an established and documented process for determining fair values of the underlying financial instruments within the Pool. Where available, quoted market prices are used to determine the fair value of trading securities. For financial instruments for which market quotations are not available, fair values are determined using model-based valuation techniques, whether internally-generated or vendor supplied, such as, the discounted cash flow method using observable market inputs such as yield curves, credit spreads, conditional prepayment rates, foreign exchange rates, basis spreads and funding spreads, and may incorporate unobservable inputs. Selection of these inputs involves judgment.

The techniques applied in determining the fair values of the underlying financial instruments within the Pool are summarized below:

- (i) *Government and agency obligations, asset-backed securities and equity securities:* Where available, quoted market prices are used to determine the fair value of most government and agency obligations, asset-backed securities and exchange-traded equity securities. For securities for which quoted market prices are not readily available, fair values are determined using model-based valuation techniques, either internally-generated or vendor-supplied, such as discounted cash flow method using observable market inputs such as yield curves, foreign exchange rates, credit spreads and conditional prepayment rates.
- (ii) *Time deposits and money market instruments:* Unless quoted prices are available, time deposits and money market instruments are reported at face value, which approximates fair value, as they are short term in nature.
- (iii) *Securities purchased under resale agreements and securities sold under repurchase agreements:* These securities are reported at face value, which approximates fair value, as they are short term in nature.
- (iv) *Derivative contracts:* Derivative contracts include currency forward contracts, currency swaps, interest rate swaps and contracts to purchase or sell TBA securities. Derivatives are valued using model-based valuation techniques, such as the discounted cash flow method with observable market inputs such as yield curves, foreign exchange rates, basis spreads and funding spreads.

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

All amounts expressed in U.S. dollars unless otherwise noted

### Note 6 - Contributions received

The Trust Fund receives its funding primarily from contributions, provided by the participants contributing to the Trust Fund (Contributing Participants). Contributing Participants provide IoCs as a means of indicating their commitment to contribute to the Trust Fund. The IoCs can be qualified or unqualified. Contributing Participants satisfy their obligations under the IoCs through the payment of cash or by depositing non-negotiable, non-interest-bearing demand promissory notes, or similar obligations with the Trustee in accordance with the payment schedules set forth in the respective replenishment resolutions. In accordance with the modified cash basis of accounting, IoCs and promissory notes / similar obligations are not recorded in the Statements (Refer Contributions receivable schedule), but rather, cash receipts in order to fulfill the payment obligations under the IoCs or promissory notes / similar obligations are recorded as contributions, when received in the Trust Fund. Cash contributions received during the fiscal year ended June 30, 2024 and 2023, are presented below.

#### Summary By Country

Contributing Participants	Amounts Received	
	2024	2023
Australia	\$ 17,254,017	\$ 21,026,223
Austria	12,859,514	11,685,937

## NOTES TO THE STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

---

### **Note 7 - Net investment income**

Net investment income consists of the Trust Fund's allocated share of the following: interest income earned by the Pool, realized gains/losses from sales of securities, dividends and unrealized gains/losses resulting from recording the assets and liabilities held by the Pool at fair value. In addition, Net investment income includes investment income earned on undisbursed GEF funds held by IBRD as IA, GEF secretariat and IEO.

### **Note 8 - Investment income earned on GEF Funds**

As part of normal operations, the Trust Fund disburses funds to the Agencies in order for them to execute GEF projects. These Agencies may not immediately disburse these funds, due to the nature of the projects. Furthermore, the Agencies earn interest income on these funds while the funds are being held, pending their disbursement. The Agencies are required, by virtue of financial procedure agreements (FPAs) between the agencies and the Trustee, to report and remit this income to the Trust Fund upon request by the Trustee. In accordance with the modified cash basis of accounting, investment income on such GEF Funds is recognized when received by the Trust Fund.

### **Note 9 - Disbursements for projects and fees, net**

The Council has delegated to the GEF CEO, its authority to approve projects whose funding size is \$5 million or less and enabling activities that are subject to expedited processes. Projects exceeding \$5 million, or projects for enabling activities that are not subject to expedited processes, must be approved by the Council and further endorsed by the GEF CEO.

For approved GEF projects, funds are committed to the Agencies who have entered into FPAs with the Trustee for their direct access to GEF resources. The Trust Fund disburses funds to the Agencies upon their request for these approved GEF projects. The Trust Fund pays fees to the Agencies, upon their request, to cover expenses associated with the project cycle management of GEF projects. These disbursements are reported net of refunds in the Statements, on account of reflows generated by projects and unused funds, if any, which are returned by Agencies to the Trust Fund.

June 30, 2024 and 2023

All amounts expressed in U.S. dollars unless otherwise noted

### Note 10 - Disbursements for administrative budgets, net

In accordance with the Instrument, the Council approves administrative budgets of the STAP, the Secretariat and IEO for administrative expenses incurred in the performance of their respective functions. In addition, the Trustee is reimbursed annually from the resources of the Trust Fund for expenses it incurs in the administration of the Trust Fund and for expenses incurred in administratively supporting the Secretariat. Administrative budget is paid to the entities upon their request. Furthermore, administrative budgets to STAP are disbursed through UNEP. These are reported net of refunds to Trustee, in the Statements. For the fiscal year ended June 30, 2024 and 2023, disbursements for Administrative Budgets, net are as follows:
