## Introduction

The Global Partnership for Education Fund (GPEF) was established as a Financial Intermediary Fund in 2011 as part of the rebranding process of the Education for All-Fast Track Initiative (EFA-FTI), which started in 2002. The World Bank acts as the Trustee for the GPEF.

The Trustee provides administrative and financial services to the GPE Board and Contributors by receiving contributions from Contributors, investing liquid assets pending cash transfer, and transferring funds to Grant Agents. Working closely with the GPE Secretariat, the Trustee also records funding decisions made by the Board.

The Trustee is required to provide periodic reports to the Board on the financial status of the Trust Fund.<sup>1</sup> This report is prepared based on financial information as of September 30, 2019.

### 3. Asset Mix and Investment Income

#### ASSET MIX

Funds held in trust by the World Bank (as the Trustee) are maintained in a commingled investment portfolio (the “Pool”) for all trust funds administered by the World Bank.

On July 1, 2015, the World Bank formally adopted the Conditional Value-at-Risk (CVaR) measure as the risk constraint in the management of trust funds. Funds are managed such that the expected maximum loss, as measured by the CVaR, at the portfolio’s investment horizon, is not to exceed 1% with 99% confidence.

The negative position in swaps is primarily due to changes in foreign currency exchange (FX) rates in cross currency basis swaps. Such swap instruments are used to implement currency hedges on bond positions within the portfolio.

\* The Corporate Securities category includes AAA-rated Euro Agency and government bonds/notes only and does not include corporate bonds.

#### INVESTMENT INCOME

The GPEF funds are invested in a short and medium horizon portfolio of the World Bank’s trust fund investment pool. This portfolio comprises investments in government bonds and money markets with an investment horizon of up to three years. The GPEF Trust Fund liquid portfolio (which totaled approximately USD 876.9 million at end-September 2019) has returned 2.44% through the calendar year to September 30, 2019 and earned approximately USD 64.4 million in investment income since inception.

GPEF funds are expected to include an allocation to developed market equities from Q3 FY20, as approved by the GPE Board at the GPE Board meeting in June 2018.
