Introduction

The MENA Transition Fund was established as a Financial Intermediary Fund (FIF) in 2012 at the request of the Deauville Partnership with Arab Countries in Transition. The objective of the Transition Fund is to improve the lives of citizens in transition countries in the Middle East and North Africa, and to support the transformation currently underway in several countries in the region by providing grants for technical cooperation to strengthen governance and public institutions, and foster sustainable and inclusive economic growth by advancing country-led policy and institutional reforms.

The World Bank serves as the Trustee for the Transition Fund. The Trustee provides administrative and financial services to the Transition Fund Steering Committee and donors, by receiving contributions from donors to the Trust Fund, investing liquid assets pending cash transfer, and transferring funds to the Implementation Support Agencies (ISAs). Working closely with the Transition Fund Coordination Unit, the Trustee also records funding decisions made by the Steering Committee.

Following the final meeting of the MENA Transition Fund's Steering Committee, the Acting Executive Secretary indicated that the End Approval Date is December 11, 2018, after which no new projects are expected to be approved and therefore no more commitments from the Trust Fund are made. **The Trust Fund will remain open until December 11, 2021** for monitoring and reporting of the MENATF funded projects under implementation. Disbursement of funds to ISAs is permitted until December 11, 2021 when all projects are expected to have closed.

The Trustee will continue to provide to the donors and the Steering Committee reports on the financial status of the Trust Fund.¹ The information contained in this report is prepared based on financial information as of September 30, 2021.

¹ The Trustee's financial status reports are publicly available at: www.worldbank.org/fiftrustee

MENA Transition Fund Financial Summary as of September 30, 2021

Contributions:

As of December 11, 2018, End Approval Date, 15 donors signed Contribution Agreements/Arrangements amounting to USD eq. 242.43 million and has received the entire amount in cash from all the contributors as of September 30, 2021.

Investment Income:

As of September 30, 2021, the MENA Transition Fund earned investment income of approximately USD 7.09 million on its undisbursed Trust Fund balance. In addition, the investment income received from ISAs is USD 1.39 million totaling the cumulative investment income of USD 8.48 million earned in the Fund.

Funding Approvals:

The net cumulative funding decisions made by the Steering Committee through **December 11, 2018 (End Approval Date)** totaled USD 236.62 million. Of the total amount approved, USD 215.13 million represents project approvals, USD 17.16 million was allocated for ISA indirect costs and USD 4.34 million for administrative budgets for the Coordination Unit and the Trustee.

Cash Transfers:

Based on Steering Committee decisions and upon cash transfer requests received from the ISAs, the Trustee has transferred a total of USD 233.84 million up to September 30, 2021. Of the total amount transferred, USD 212.61 million relates to projects, USD 16.98 million for ISA Indirect costs and USD 4.26 million for administrative budget for the Coordination Unit and the Trustee.

Funds Held in Trust and Unallocated Funds:

Funds Held in Trust reflect contributions paid-in from donors and investment income earned, less cash transfers by the Trustee. Funds Held in Trust as of September 30, 2021 amounted to USD 17.06 million.

Unallocated funds reflect resources available for potential refunds to donors (upon closure of the MENATF) which amounted to **USD 14.29 million** as of September 30, 2021.

3. Asset Mix and Investment Income

ASSET MIX

Funds held in trust by the World Bank (as the Trustee) are maintained in a commingled investment portfolio (the “Pool”) for all trust funds administered by the World Bank. Within this pool, the MENATF funds are invested in a short term, high quality fixed income portfolio with an investment horizon of up to one year.

Trust funds in the Pool are managed within a conservative risk management framework, under which risk tolerance is defined as the expected maximum loss as measured by the Conditional Value-at-Risk (CVaR), at the portfolio’s investment horizon not to exceed 1% with 99% confidence.

The portfolio allocation by asset class has the largest allocations to government securities and money-market instruments.

INVESTMENT RETURNS

The MENATF funds are invested in accordance with the investment strategy established for the trust funds administered by the World Bank. The MENATF funds are invested in a short-term fixed income portfolio with an investment horizon of one year. The Transition Fund portfolio has earned approximately USD 7.09 million in investment income since inception to September 30, 2021. It has returned 0.17% since the beginning of this calendar year through September 30, 2021. The above-mentioned investment portfolio excludes the additional investment income of USD 1.39 million received from ISAs as of September 30, 2021.

ESG SUMMARY REPORT – MENA Transition Fund INVESTMENT PORTFOLIO

As per the investment management strategy implemented by the World Bank, the funds held in trust benefit from the approach to Sustainable and Responsible Investment (SRI), which considers and incorporates Environmental, Social, and Governance (ESG) factors into Trustee's investment processes. The implementation of ESG Integration falls within the purview of existing authorizations by the World Bank Board. Based on the endorsement by the World Bank management, starting from July 2019, the Trustee has applied ESG Integration as the default SRI approach for all portfolios managed by the World Bank, including for the MENA Transition Fund assets.

Considering and incorporating ESG factors into investment processes should, all things being equal, lead to portfolios that have stronger ESG profiles compared to portfolios that do not explicitly consider these ESG issues. ESG Integration has become part of the existing investment processes and is intended to help fulfil the existing investment objectives. The application of ESG Integration as part of the investment process would not involve any changes in the current investment objectives or risk limits for the MENA Transition Fund portfolio.

The GCFF investment portfolio is primarily comprised of short-term high-grade fixed-income securities (sovereign, supranational and agency securities and bank deposits), and as at September 30, 2021, the portfolio has an ESG Quality Score* of 7.08 and an ESG Rating* of A. Based on its ESG positioning in the MSCI ESG Fund Ratings Universe (upper right of Figure 1), which is deemed to be the more consistent reference indicator, MENA Transition Fund's investment portfolio falls in the top decile of the ratings universe. This reflects high capability of MENA Transition Fund portfolio's holdings in terms of managing key medium to long term risks and opportunities arising from Environmental, Social and Governance factors.

Figure 1: MSCI ESG Portfolio Summary – MENA Transition Fund

**Note: ESG Quality Score is based on MSCI ESG Ratings and measured on a scale of 0 to 10 (worst to best) following a rule-based methodology. ESG Ratings Momentum represents the percentage of a portfolio’s market value coming from holdings that have had an ESG Ratings upgrade, and those with a downgrade, since their previous ESG Rating assessment. The ESG Quality Score is calculated as a weighted average of ESG scores of individual holdings adjusted by ESG Ratings Momentum and ESG laggards (if any). The weight applied to the individual ESG scores is determined by the portfolio weight of individual holdings as of the reporting date. Based on the above, the ESG Quality Score, which is subject to potential skewing effect from any factor in the calculation, could slightly vary between different reporting dates along with changes in individual holdings and their portfolio weights as well as changes in ESG Ratings Momentum. Please see details on MSCI ESG Ratings Methodology from:*

4. Cumulative Funding Decisions

In USD millions

CUMULATIVE PROJECT FUNDING DECISIONS

Since inception to September 30, 2021 funding approvals made by the Transition Fund Steering Committee totaled USD 236.62 million. Projects represent about 91%, indirect costs for ISAs 7%, and administrative budgets for the Coordination Unit and the Trustee 2% (see Annex I for details).

FUNDING DECISIONS BY RECIPIENT

The chart shows the funding decisions for projects and indirect costs totaling USD 232.28 million by recipient. Egypt (24%), Jordan (21%), Tunisia (21%) and Morocco (18%) correspond to the main recipients of MENATF funds.

The four countries combined represent 84% of funding decisions made by the Steering Committee from Inception to September 30, 2021.

FUNDING DECISIONS BY ISA

The chart shows the funding decisions for projects and indirect costs totaling USD 232.28 million by ISA. IBRD accounts for almost half of the funding decisions for projects and indirect costs (48%); followed by OECD at 14% and AFDB at 13%.

Note: Totals may not be accurate due to rounding

- **Funds Held in Trust** represent cumulative receipts from donors, investment income earned, less cumulative cash transfers, which amounted to USD 17.06 million as of September 30, 2021. This reflects a decrease of USD 1.90 million due to cash transfers processed to OECD and IBRD. The investment income increased by USD 0.02 million, totaling USD 8.48 million.
- **Funding Decisions Pending Cash Transfer** amounted to USD 2.78 million, decreasing USD 5.09 million since July 1, 2021 compared to previous quarter. ISAs have been reminded of the End Disbursement Date (December 11, 2021) and requested to submit cash transfer requests since March 2021.
- **Unallocated Funds** is USD 14.29 million, an increase of about USD 3.19 million since July 1, 2021 due to the cancellation of USD 3 million from EBRD and IBRD plus the investment income earned.
